How To Breathe Disease Out of Your Body

Secret Methods Date Back Over Four Thousand Years—Harness The Most Fundamental Life Force Known To Eastern Disciplines

Dear Friend,

We recently discovered a rare, paper-bound manuscript that turned out to be the only known record of an ancient system of Chinese healing. It’s a system of breathing techniques combined with simple body postures, handed down for centuries by traditional Chinese doctors. These powerful techniques use the principle of chi, the life energy, to restore the body’s natural balance. In the ancient secret texts, chi is the vital, essential force behind all life. One ancient saying states that “Chi is the mother of blood.” Acupuncture, traditional Chinese medicine, shiatsu and reiki all work on these meridians to stimulate the body’s energy. Acupuncture needles are inserted in designated spots along these meridians to stimulate the body’s energy. Shiatsu, acupuncture and reiki all work on these meridians and energy fields.

All In All, Ki-Kou Is The Simplest, Easiest Form Of Healing Ever Seen…

Just the most simple and powerful techniques, done in the privacy of your home, in just a few minutes a day. Techniques that have been proven and practiced for centuries by traditional Chinese doctors. Kikou simply uses body postures, simple movements, and precise breathing patterns to change the flow of the healing energy inside and outside of the body. What’s great about kikou is that you don’t need to go to an acupuncturist, a shiatsu practitioner, an acupressurist, or any therapist at all. You can practice Kikou easily, right at home, any time of day that’s convenient for you.

Simple Techniques Balance Your Mind And Body, Freeing Healing Energy

The first techniques in this manuscript show you how to practice kikou by relaxing your body. You will be required to wear the full posture system and work through the body. What’s great about kikou is that you don’t need to go to an acupuncturist, a shiatsu practitioner, an acupressurist, or any therapist at all. You can practice kikou easily, right at home, any time of day that’s convenient for you.

Next, you’re taught to relax your body and mind completely. You reach a state of complete relaxation. You will feel calmness and peace within yourself. Each of the fourteen techniques covered in this manuscript cover almost every imaginable pain and illness.

Here are just a few of the techniques you can use to heal and prevent disease:

• Cure cancer with “tou-ruen-mai-sai.” (In this technique, you’ll also learn to use two secret pressure points, known as da-tie-chu and bu-ri-kai, along with the breathing. These are critical areas where chi can be stifled in the body, causing illness and disease.)

• Relieve arthritic pain with “fu-tou-ji-ji-an.” — simple movements that Western doctors may not discover for another hundred years.

• End fatigue with “pe-i-ta-chuen-shen.” (This technique uses a secret pressure point to relax the body and mind completely. You reach a state of complete relaxation. You will feel calmness and peace within yourself. Each of the fourteen techniques covered in this manuscript cover almost every imaginable pain and illness.)

As you perform these techniques, you can actually feel the powerful force of chi flowing through your body. It’s the same force that’s been used by Chinese doctors for thousands of years. To heal everything from cancer to curing illness. But this technique
